Accessory Business

Development and sales of MODELLISTA, GR PARTS, etc.

- Manufacture, sales and after-service of customized parts tied up with Toyota

Various kinds of customized parts simultaneously sold at the time of new vehicle launch

Planning and development of export vehicles that meet various needs of overseas markets

- Customization, conversion, and parts sale business

Established the capability to flexibly meet the needs of customers throughout the world by utilizing Toyota's J-PIO network (a function that carries out planning, development, procurement, and customization of genuine parts for people outside Japan) to consolidate functions and increase operational efficiency.

Expanded accessory business to global models through partnerships with subsidiaries (TCD ASIA and TCD AP INDONESIA)
